North Lakhimpur College is an Autonomous College established in 1952 affiliated to Dibrugarh University located in North Lakhimpur on the North Bank of the Brahmaputra River in upper Assam. In 2011, NLC was accredited with "A" grade by the NAAC with a (GPA of 3.08). The UGC was also conferred the status of College with potential for excellence (CPE) Phase-II. On May 30, 2013, the University Grants Commission (India) granted North Lakhimpur College the status of an autonomous College. Notably, North Lakhimpur College is the first College from Assam to receive this status from UGC.

The College is committed to raise standards of higher education in this part of North-Eastern India and for us, offering high quality teaching is more than just a priority- it is our raison d'être. To be precise, we hope to devise a new equation for education in the near future, theory plus practical knowledge plus capacity to think.

Our Mission :

The College functions in general with the following goals and objectives in mind.

1. To impart higher education to the students of this backward region, so that economic backwardness or lack of Communication could not retard the academic development of the Region.
2. For Socio - Cultural development of various ethnic groups of the region.
3. To create Scientific temperament.
4. To provide employment revenue.
5. To promote gender equality.
6. To provide better education for better society.

Aims and Objectives of the Seminar : QUALITY ASSURANCE IN HIGHER EDUCATION IN INDIA-ISSUES, CHALLENGES & REMIDIES

High Education constitute the top most level of formal education. It has been considered as a powerful tool for national reconstruction. Different commission, committee, policy and programmes from time immemorial suggested measures to improve higher education and you make it quality. India higher education system is the largest in the world, after china and the United States in terms of number of institutions and also student's enrolment. But to improve the overall development of higher education, we need the qualitative development and quantitative is terms of academic achievement of student, quality of Infrastructure, quality of Teachers, quality of Research, Introduction of Semester System, Choice Based Credit System in all higher educational institutions across the country. Invetiveness and creativity etc. So, responsibility of all kind of higher educational institutions is not only included to imparting general, Professional and Technical education but also the included to imparting general, Professional and Technical education but also the important taste of preparing the new generation for living in a different field of life i.e. Social, Politics, Cultural, Intellectual, Scientific and Technological.

Technological based 21st century is dominated by Liberalization, Privatization and Globalization. Due to global competition, higher education in India is facing tremendous challenge. As a matter of act, to expand the qualitative higher education, we require a great deal of academic and administrative reforms, up-gradation of technology including ICT, maintaining the balance of gender equality, development of rural sector, irradiation of immorality and financial investment for improving the quality of higher education in India. It is with this background, the Dep't. of Education, North Lakhimpur College (Autonomous) and Vivekanandra Kendra, Kanyakumari, North Lakhimpur Branch are organizing a two days **NATIONAL SEMINAR.**

Hence, the aims and objectives of the Seminar are —

1. To expand the higher education both qualitatively and quantitatively.
2. To critically analyses the problems related to higher to education.
3. To find out the different research activities which are going on higer education.
